

# Groove PM20

- Simple two-speaker setup
- Amazing performance and value
- Convenient, compact design great for travel
- Auxiliary input

Small speakers with big sound, the Groove PM20 lets you easily and affordably enjoy music, movies, and games on your laptop or PC. Thanks to an auxiliary input, it even delivers dynamic performances from most any audio source, including TVs, iPods, and DVD players. And the Groove PM20 is more than just a great entertainer; it looks as good as it sounds. Its streamlined, space-saving design will transform any desktop into a stylish entertainment center.
