ICON SERIES BOOKSHELF SPEAKER DELIVERS LARGE SOUND FROM A SMALL FOOTPRINT

MINIMALIST, CONTEMPORARY DESIGN

Small but solid MDF Black Ash cabinet complements today's style of accompanying audio and video components in multiple room décors

TRACTRIX® HORN

Proprietary Klipsch technology with a refined 90° x 90° dispersion pattern expands the prime listening area and improves dynamics, increases soundstage dimension and produces pinpoint imaging for an enhanced listening experience in small to medium sized rooms

ALUMINUM DIAPHRAGM COMPRESSION DRIVER (TWEETER) WITH LINEAR TRAVEL SUSPENSION (LTS)

Combined with the Tractrix® Horn, the one-inch, solid-formed metallic, high-frequency diaphragm works in conjunction with a precise phasing plug at the horn throat to create a highly efficient driver with unmatched clarity and lack of distortion. The new Linear Travel Suspension assures the most precise diaphragm excursion, increasing high-frequency detail and smoothness.

INJECTION MOLDED GRAPHITE WOOFER

A woofer with a light, yet very stiff diaphragm matched with a large motor structure precisely reproduces both the highly defined, rapid bassline of a live musical performance and the deep, explosive realism of a movie

REAR-FIRING PORT

Perfectly matched to the cabinet and woofer and precisely flared to minimize turbulence even at the lowest frequencies

HIGH QUALITY, HIGH DEFINITION NETWORK

Increases overall speaker efficiency while reducing distortion

FLUSH-MOUNTED HORN FASCIA AND WOOFER

Reduces front-baffle diffraction for precise imaging, increased dynamics and overall sound accuracy

5-WAY BINDING POSTS

Provide maximum connection flexibility

STRONG, FLEXIBLE, FULLY-REMOVABLE GRILL

Adds a rich look that is acoustically transparent

SPECIFICATIONS	KB-15
Frequency Response	62Hz-23KHz ± 3dB
Low Frequency Extension	54Hz
Power Handling	85W RMS / 340W Peak
Sensitivity	94dB @ 2.83V / 1m
Nominal Impedance	8 ohms compatible
Crossover Frequency	1800Hz
High Frequency Driver	1" (2.54cm) Aluminum diaphragm compression driver mated to 90° x 90° square Tractrix® Horn"
Low Frequency Driver	5.25" (13.3cm), magnetically shielded IMG woofer
Inputs	Single binding posts
Enclosure Material	MDF (medium density fiberboard)
Enclosure Type	Bass-reflex via rear-firing port
Height	12.5" (31.8cm)
Width	7" (17.8cm)
Depth	8.11" (20.6cm)
Weight	11lbs (5kg)
Finish	Black Ash vinyl
Built From	2011
