S3

WE'RE NOT IN KANSAS ANYMORE.

Frequency Response: 12Hz - 18kHz, Sensitivity (1mW): 106dB, Impedance (1kHz): 18 ohms

Welcome to a technicolor world. The Image S3's are available in four eye-popping colors, but they are far more than just another pretty face. Spectacular highs and lows bring your music to life while patented oval ear tips ensure comfortable listening for hours on end.

Get ready to be swept away.

## CRUISE.

Frequency Response: 10Hz - 19kHz  
Sensitivity (1mW): 110dB, Impedance (1kHz): 18 ohms

The best seat in the house is now transportable. With award-winning acoustics and jaw-dropping bass response, the Image S4's bring the concert experience to you, wherever, whenever.

Enjoy the ride.

Available colors:  

Take a turn in the driver's seat. The Image S4i's are equipped with advanced mic and three-button remote for complete control.

Buckle up.

Rugged

# BUILT FOR SURVIVAL.

Frequency Response: 10Hz - 19kHz  
Sensitivity (1mW): 110dB, Impedance (1kHz): 18 ohms

At those times you need your music the most, the Image S5i Rugged is there. The chunky-sized, moisture-resistant remote makes it easy to switch tracks on the fly and our advanced 360° mic allows you to be heard clearly whether on the road or hitting the slopes. Includes Saftey Case with flashlight if the going gets tough.

Water. Food. Music. The essentials.

ProMedia™

WELCOME TO COMMAND CENTRAL.

Frequency Response: 10Hz - 19kHz, Sensitivity (1mW): 110dB, Impedance (1kHz): 18 ohms

Command your computer gaming and social universe for hours on end in total comfort. But be warned, once you load up and lock in with ProMedia™, there's no turning back. Built-in single-button remote/mic makes this headphone ideal for PCs and smartphones.

It's not just a game anymore.

ONE

# LOVE AT FIRST SOUND.

Frequency Response: 16Hz - 23kHz, Sensitivity (1mW): 110dB, Impedance (1kHz): 32 ohms

This is no one-night stand. This is your soul mate of sound. The I-can't-stop-thinking-about-you audio goodness you've been waiting for. With high-performance Klipsch sound, three button remote, premium leather, and professional grade memory-foam ear cups, why look anywhere else?

This is the ONE.

# COMPROMISE IS UNNECESSARY.

Frequency Response: 5Hz - 19kHz, Sensitivity (1mW): 110dB, Impedance (1kHz): 50 ohms

Designed for those who don't live vicariously.  
We've combined award-winning performance with  
our smallest, lightest headphone design resulting in  
the ultimate sound experience.

Welcome, you've arrived.
