REFERENCE

HEADPHONE COLLECTION

REFERENCE ONE

The Fillmore. The Apollo. The Royal Albert Hall. Apartment 3A.

Let the music come to you. Patented headphone technology and 65 years of legendary Klipsch performance combine to replicate the sound of floorstanding Reference speakers. Get the same experience you've come to expect from Klipsch engineering in your on-ear headphones. Reference ONE proudly carries on the family name and faithfully replicates a live concert and delivers everything but the ticket stub.

REFERENCE S4

Sometimes your favorite band follows you. The Klipsch Reference S4 In-ear Headphones manage to utilize everything you know and love about Reference floorstanding speakers in consolidated, portable form.

Notice the copper accents. Appreciate the upgraded, home theater-style cables. Listen closely, and you can hear the patented headphone technology, award winning Reference performance and 65 years of Klipsch know-how surrounding you.

REFERENCE S4i

Revolt against on-hold music. Control your playlist and calls with the latest technology. The Klipsch Reference S4i packs a punch along with its 360-degree microphone. Patented headphone features and legendary Klipsch performance combine to replicate the sound of Reference speakers. Connect with the S4i, and the Reference bloodlines become unmistakable.
