

S4A™ for Android™

Klipsch®

The power is in your hands.

And now, your ears.

Introducing the first-ever Klipsch headphones designed specifically for Android™. The S4A successfully merges the functionality of your Android mobile device with the sonic fidelity of Klipsch. It's a perfect fit, just like our included patented oval ear tips. Compatible with devices running Android 2.2 or later, you can keep the world under your thumb with push-button control for music and calls. Control is the key. With the free Klipsch Control App*, you can customize functionality of your calls and music. Noise-isolating locks you into the moment. In-case you ever take them out, the unstoppable S4A comes with a protective carrying case.
