

8" Two-Way All-Weather Loudspeaker

SA-3

Klipsch all-weather speakers take outdoor audio one step beyond. Carefully engineered using the latest materials and technology, every model delivers outstanding performance, reliability, and value.

When you want big, dynamic sound to cover any area, large or small, SA-3s are the perfect solution. From back yard to boat, bar to beach party, an SA-3-based system will pump out music with amazing power and detail. And because it is very efficient, paintable, and easily wall- or ceiling-mounted, the SA-3 makes a great indoor utility speaker, for homes, schools, and meeting rooms. It can even be used in a home theater system.

With a rigid, cast-polymer frame and an 8-inch injection-molded graphite cone, the SA-3's woofer generates deep, plentiful bass without distortion. Its 1-inch titanium dome compression driver tweeter is mated to a 5-inch square 90° x 60° Klipsch Tractrix® Horn that increases efficiency and focuses the sound for maximum clarity. Available in black or white, the speaker has a paintable UV-resistant ABS enclosure with rustproof aluminum grille and is supplied with a C-style, powder-coated aluminum mounting bracket. Stainless-steel mounting hardware allows easy adjustment or removal and ensures long, trouble-free service. The SA-3's 8-ohm impedance is compatible with all amplifiers.

- Very high sensitivity, output, and power handling
- Durable, UV-resistant ABS enclosure with rustproof aluminum grille
- Tractrix Horn titanium dome compression driver tweeter for clean, clear highs
- Supplied with C-style mounting bracket and stainless steel hardware
- Cabinet, grille, and bracket paintable to match surroundings

S P E C I F I C A T I O N S

BANDWIDTH	55Hz-20kHz ± 3dB
SENSITIVITY	94dB @ 2.83 volts/1 meter
NOMINAL IMPEDANCE	8 ohms compatible
CROSSOVER FREQUENCY	2000Hz
POWER HANDLING	100 watts (400 watts peak)
ENCLOSURE TYPE	Bass-reflex via dual front-firing ports
DRIVE COMPONENTS	Two way system using one 1" (2.5cm) titanium diaphragm compression driver with a 90° x 60° Tractrix Horn and one 8" (10.5cm) IMG woofer
WIRE GAUGE ACCOMMODATED	12
WEIGHT	15 lbs. (6.8kg)
HEIGHT	16" (40.6cm)
WIDTH	11" (27.9cm)
DEPTH	10" (25.4cm)
FINISH	Black or White
MOUNTING	C-Bracket (included); Safety kit (optional)
