

# Floorstanding Loudspeaker

# WF-34

- Low distortion with wide, consistent soundstage
- Premium titanium tweeter for precise highs
- Triple woven fiberglass woofers for amazing lows
- Slim design complements flat-panel TVs
- Magnetic grille, no visible fasteners on baffle
- Exotic furniture-grade wood veneer finish

The WF-34 is for those who want home theater or stereo speakers that look as good as they sound. When compared to traditional floorstanders, the WF-34 is more refined, taking up less space while still delivering Klipsch's signature high-output, low-distortion sound.

Klipsch engineers managed to generate excellent output and dispersion from this slim speaker by employing an all-new proprietary technology called the XT Tractrix® Horn.

Horns have been the driving force behind Klipsch speakers since 1946. XT engineering advances the company's classic, proven technology to new levels of sophistication by altering the surface geometry of the horn for a wide, consistent soundstage.

Also stunningly beautiful, the WF-34 features a timeless wood veneer cabinet finished in espresso or cabernet. While most of the speakers in this category feature domestic veneers, the WF-34 has an exotic, non-endangered Berlinia veneer from West Africa.

The WF-34 cabinet is carefully sanded, sealed and stained. Much like in high-end furniture manufacturing, the stain is then top coated with a polyurethane finish. This spray application involves 10 coats, with sanding in-between each coat to achieve the proper thickness.

## SPECIFICATIONS

frequency response	57Hz-20kHz +/-3dB
low frequency extension	50Hz
power handling	125 W @ 8 ohms
sensitivity	95.5dB
nominal impedance	8 Ohms
crossover frequency	2700Hz
high frequency drivers	1" (2.5cm) Titanium diaphragm compression driver mated to a 4.5" 80° x 80° round Tractrix® horn
low frequency drivers	Triple 4.5" (11.4cm) high-output, fiberglass cone woofers
enclosure material	MDF
enclosure type	Bass-reflex via dual rear-firing ports
height	34" (86.4cm)
width	6.5" (16.5cm)
depth	9.5" (24.13cm)
weight	33 lbs
finishes	Furniture Grade Wood Veneer available in Cabernet and Espresso
